CarePlus Mobile Health makes it easy to live your healthiest life no matter where you are in your health and wellbeing journey.

Getting started with CarePlus Mobile Health is as easy as choosing your device, registering your account, and selecting your interests. CarePlus Mobile Health will do the rest by providing the tools, resources, and guidance to help you live your healthiest life.

CarePlus Mobile Health Offers:

Personalized communications and education

Personalized health and wellbeing coaching

Important alerts and reminders

Health and wellbeing tools and resources

Fun challenges and rewards

One hub for benefits, HR, wellbeing, and communications

Let's Get Started!

1. Choose Your Device

You can choose to access CarePlus Mobile Health using a smartphone, tablet, computer, or smart watch. No matter the device, your experience with be the same. You can download the CarePlus Mobile Health app from Google Play or the App Store.

Careplus MOBILE HEALTH

You can also access CarePlus Mobile Health using a web browser: https://www.mobilehealthconsumer.com/weba/#/auth/registerUser

2. Register Your Account

CarePlus Mobile Health is equipped with all the necessary precautions to ensure it is you - and only you - accessing your account. Once you download the app or access the URL, CarePlus Mobile Health requires you to register your account.

- Tap Register Now.
- Enter your first and last name, the last four digits of your Social Security number (SSN), and your birth date, e.g. (05/23/1985).
- Tap Next. Then tap OK.
- After registering your account, CarePlus Mobile Health will prompt you to log in. Your username is your firstname.lastname, e.g. (Robert.Smith) You can choose to keep this username or create your own once in the platform under "Profile".
- Choose your password and enter your email address. **Tap Next**.

PLEASE NOTE:

- Your first and last name must be entered exactly as it appears on your medical ID card or your employer's HR records – including if you have a hyphenated name. For example, enter Robert instead of Bob if this is how your employer displays your name on HR records.
- Your employer may choose to use an employee ID number instead of the last four digits of your SSN. This will be outlined in the welcome email you receive from CarePlus Mobile Heath.
- Passwords must contain at least 6 characters, 1 letter, and 1 digit.

at www.careplusmobilehealth.com

3. Choose Your Interests

Once you log in to CarePlus Mobile Health for the first time, you will be presented with three welcome messages. You can progress through the messages by tapping the three radio buttons at the bottom of the welcome screen.

You will then be prompted to choose your interests. Choosing your interests is an important step in personalizing your CarePlus Mobile Health experience.

Health and Wellbeing

Health and Wellbeing Assessment

Completing your health and wellbeing assessment is an important step in your journey, while also personalizing your experience with CarePlus Mobile Health.

The assessment asks a few questions about your health and wellbeing, resulting in immediate feedback and education on your health and any health risks. CarePlus Mobile Health will also provide a personalized pathway to eligible resources to help improve your health and wellbeing.

Tap **Health Coach**, then tap **Health Assessment** at the bottom of the page Tap each section to answer the correlating questions

Tap on an option to select your answer

Virtual Health Coach

After completing your health and wellbeing assessment, CarePlus Mobile Health will ask if you would like to review your results. Your Health Coach will then provide valuable feedback on your health, as well as any health risks.

Your Health Coach will also provide evidence-based education and resources to help improve your health and wellbeing, as well as any programs provided by your employer.

are within healthy guidelines

Track your biometrics over time

Receive personalized coaching, education, and navigation to resources to improve or maintain health and receive education to improve your health

Benefits

Challenges

Your **Benefits** tab provides access to eligible health, wellbeing, and wealth resources, such as your medical carrier, telehealth, 401k, or health savings account. Tapping each resource provides you with additional information.

ជ

Tap the **Challenges** icon at the bottom of the home page to launch your team and friend challenges. **Team Challenges** are chosen by your employer and all employees are eligible to participate. If you employer has chosen to run a team challenge, it will appear in your challenge tab

Friend Challenges allow you to challenge your colleagues and eligible dependents. With Friend Challenges, you choose the type of challenge, the duration, and who to invite.

Link an Activity Tracker

At the bottom of the challenge home page you can link an approved activity tracking device, such as Google Fit, Garmin, Apple Health, or Fitbit.

Linking your device allows for automatic syncing of your activity to CarePlus Mobile Health when participating in physical challenges.

Tap **Invite Others** to invite members

Search for other eligible members to invite to your challenge

Journeys

Journeys are a great way to better understand your health and wellbeing, while also learning healthy habits to make improvements. Journeys are personalized just for you based on a quick assessment.

Journeys provide you with small steps to improve areas such as nutrition, physical activity, sleep, resiliency, reducing stress, tobacco cessation, work-life balance, and financial wellbeing. Journeys allow you to progress at your own pace, while earning rewards for completion.

"It forced me to recognize certain triggers that cause me to want to smoke. It also brought awareness to my lifestyle indirectly."
